Dear Rob,

On behalf of the Department of Medicine and the Section of Cardiology at Boston Medical Center, thank you for delivering the *Tenth Annual Doctor Gary R. Garber Memorial Lecture* "Robot-Assisted Coronary Artery Revascularization" at Medical Grand Rounds last week. Your presentation was superb and having this lecture presented by a "cutting edge" surgeon made the event particularly meaningful. I know Gary Garber would have enjoyed listening to you and no doubt you two would have been friends.

I am grateful to you for your time and support of our BU Memorial Lecture.

Sincerely,

Alice K. Jacobs, M.D.
